

Citizens Oversight Committee Report. Dec 17, 2025

On Dec. 10th the COC attended the final meeting of 2025. We were presented with the proposed meeting dates in 2026, that are set to coordinate with budget presentations. We were also presented and asked to review, the Annual Comprehensive Financial Report, Fiscal year 2024-2025, Budget to Actual Comparison, and the comprehensive Fiscal Year Investment Report. Interestingly, the Clipper 2 Update had many questions. Heather and her team do an excellent job of presenting.

The COC reviewed and received the presentations with positive feedback.

On behalf of the COC, I wish to extend congratulations all around on the success of the Holiday Express and other community events. Santa was happy and it was a grand day.

The COC meets again in March and we look forward with enthusiasm to what lies ahead.

Thank you,

Dani
