**Independent Auditor’s Report on Internal Control over Financial Reporting  
and on Compliance and Other Matters Based on an Audit of Financial  
Statements Performed in Accordance with *Government Auditing Standards***

Board of Directors  
Sonoma-Marín Area Rail Transit District  
Petaluma, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Sonoma-Marín Area Rail Transit District (SMART), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise SMART’s basic financial statements, and have issued our report thereon dated December 4, 2015.

***Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered SMART’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of SMART’s internal control. Accordingly, we do not express an opinion on the effectiveness of SMART’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether SMART’s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor’s Report on Compliance for the Major Federal Program;  
Report on Internal Control over Compliance; and Report on the  
Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

Board of Directors  
Sonoma-Marín Area Rail Transit District  
Petaluma, California

**Report on Compliance for the Major Federal Program**

We have audited Sonoma-Marín Area Rail Transit District’s (SMART) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on SMART’s major federal program for the year ended June 30, 2015. SMART’s major federal program is identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

***Management’s Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor’s Responsibility***

Our responsibility is to express an opinion on compliance for SMART’s major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about SMART’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of SMART’s compliance.

***Opinion on the Major Federal Program***

In our opinion, SMART complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2015.

***Report on Internal Control over Compliance***

Management of SMART is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our

audit of compliance, we considered SMART's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of SMART's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

We have audited the financial statements of SMART as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise SMART's basic financial statements. We issued our report thereon dated December 4, 2015, which contained an unmodified opinion on those basic financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The Notes to the Schedule of Expenditures of Federal Awards are an integral part of this schedule.

**SONOMA-MARIN AREA RAIL TRANSIT DISTRICT**

Notes to the Schedule of Expenditures of Federal Awards

For the Year Ended June 30, 2015

**NOTE 1 - GENERAL**

The schedule of expenditures of federal awards (the Schedule) presents the activity of all federal award programs of the Sonoma-Marín Area Rail Transit District (SMART). Federal awards passed through from other governmental agencies are included in the Schedule.

**NOTE 2 – BASIS OF ACCOUNTING**

The Schedule is presented using the accrual basis of accounting.

**NOTE 3 - RELATIONSHIP TO FEDERAL FINANCIAL REPORTS**

Amounts reported in the Schedule agree to or can be reconciled with the amounts reported in the related federal financial reports.

**NOTE 4 - RELATIONSHIP TO BASIC FINANCIAL STATEMENTS**

Federal awards and expenditures agree to or can be reconciled with the amounts reported in SMART's basic financial statements.

**SONOMA-MARIN AREA RAIL TRANSIT DISTRICT**  
Summary Schedule of Prior Audit Findings and Questioned Costs  
For the Year Ended June 30, 2014

**Section I      Financial Statement Findings**

There were no financial statement findings for the year ended June 30, 2014.

**Section II      Federal Award Findings and Questioned Costs**

There were no federal award audit findings nor questioned costs for the year ended June 30, 2014.
